STENCILS FOR 1937
created by
Stencil Specialty Co., Inc.

The finest selection of stencils we have offered to the trade in our many years of operation.

Designed, cut, and priced to enable the dealer to meet the ever increasing demands of a stencil conscious public. A product that fully meets and satisfies the needs for artistic, yet practical and moderately priced stencil decorations.

You will be amazed at the sight of this grand selection of stencils which follows.

We manufacture Stencils of all descriptions for Home Decoration and Commercial use. Our Stencils are scientifically cut from durable oil-processed paper.

We have artists who **only** specialize in Stencil Cutting. They possess a vast amount of genuine originality in creating distinctive designs that are in trend with every mode of decoration. Our Stencils are unsurpassed in their beauty.

Another feature of our Stencils is that they are cut with a **BEVELED EDGE**. This makes a closer contact to the surface, - giving a perfect print. This prevents smudging.

The designs of our Stencils are the **LAST WORD IN STENCIL CUTTING**. The classifications are (a) Modernistic (b) Futuristic (c) Roman (d) Greek, and other novel designs making them adaptable for Nurseries, Living Rooms, Dining Rooms, Kitchen, Furniture, Stores, Theatres, etc.

The Marvelous perfection to which our Stencils have been brought, will at once attract the least observant eye to their **BEAUTY & USEFULNESS**. Our large output enables us to offer you such **HIGH CLASS** Stencils at such **LOW COMPETITIVE LIST PRICES**.

Our Stencils command a Steady sale wherever they are shown.

Special propositions are offered to Stencil Catalogue Houses, and Wholesale Distributors in quantities.

NOTE: When ordering stencils, please order by number which you will find under each stencil. It is not necessary to cut out the design. All measurements are first length and then height.

These tools are made from our specially treated rubber. The handles are spring steel. Our grainers enable you to work easily and quickly anywhere with one hand.

Our grainer adapts itself to any unevenness that may be met with any surface being grained. Along any uneven floor - on a concave moulding across the top of a door - on a post or pillar. Wherever the paint brush can be used there you can imitate with **our grainer** the natural grain of any known wood.

Our easy and simple instructions on how to grain easily and quickly are enclosed with each set.

UP-TO-DATE BEAUTIFUL WALLS WITH OUR S.S. IMPROVED RUBBER GLAZING ROLLER

S. S. RUBBER GLAZING ROLLERS are HAND MADE and are uniformly put together. It is a very important tool for WALL DECORATION. You can EASILY blend HARMONY of COLORS that are ARTISTIC and BEAUTIFUL.

S. S. RUBBER GLAZING ROLLERS are an IMPROVEMENT on ALL OTHER ROLLERS. The following is the REASON, proven on ACTUAL FACTS:

1. It doesn't have to be PRE-TREATED before using.
2. It is easy to keep clean.
3. BECAUSE OF THE HIGH GRADE OF RUBBER WE USE ON OUR S. S. GLAZING ROLLERS, it will not get HEAVY or CLOG from PAINT USAGE.
4. It is LABOR SAVING—IT COVERS MORE SURFACE—IT HOLDS MORE PAINT.

DIRECTIONS

Have your Walls painted a satisfactory ground color; preferable a WARM LIGHT BACKGROUND. Allow Walls to dry—Select Colors that will blend.

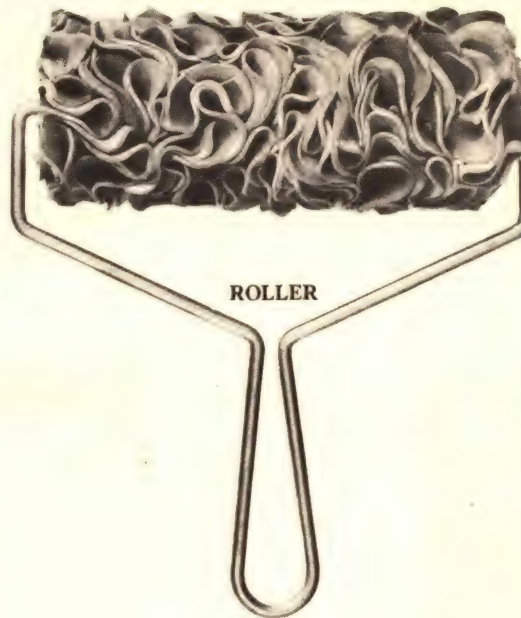

Brush paint over glass or any flat surface. Work RUBBER GLAZING ROLLER over the glass, repaint the glass as often as necessary.

Work roller in any direction—Do not overlap.

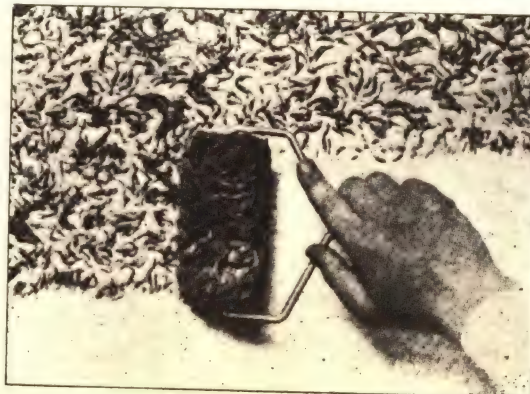

If you want to make more than ONE COLOR and ONLY USE ONE ROLLER—Just roll the roller over a cloth that has been absorbed in turpentine or benzine—Wipe Roller—Now it is ready for use again for the second color. (Use same directions to clean your roller.)

To make several color tones with one application, daub on glass or any flat surface a variety of different colors, work roller over it and apply to wall.

S. S. IMPROVED RUBBER GLAZING ROLLERS MADE IN FOUR (4) SIZES: 2½ inches, 5 inches, 7½ inches and 10 inches.

PAPER HANGER'S TOOLS

To meet the demand of the Paperhanger,
we are making the blades of our Casing
and corner knives to stay sharp
under continuous cutting.

We use first quality tool steel which is
ground, hardened, and tempered to
insure fine cutting and free-wheeling.
Our casing knives are wrapped sep-
arately and packed one dozen to a box.
